

# ERP Studio

Innovate. Elevate.

If you are a small business owner and have to compete with larger businesses, win and expand after this economic downturn:

We have a product that will help you manage your entire business, cut your expenses, increase revenue and free-up your time

ERP Studio is a web-based, scalable and customizable business software with seamless integration into new or existing business

### Functionalities:

- Inventory, Sales, Calendar & Scheduling
- Customer, Supplier Management

### Advantages for small business:

- Easy to learn, implement and operate
- Individual approach to every customer
- Low monthly fee (no advance payments)
  - Easily extendable and adjustable

**Industries:** Retail, Wholesale, Services, Auto, Medical, Manufactures

**MW Software Solutions**
